July 18-22: The Cubs played a four-game series at Wrigley Field against the New York Mets, beginning with a doubleheader on July 18, which the Cubs won, 6-2 and 7-5, on five innings of shutout relief by rookie Michael Wuertz. The first game of the doubleheader resulted in a 10-2 win for the Cubs, a win which was the first for the Cubs in Chicago in nine years, since they defeated the Pirates, 14-6, on April 9, 1995. The Cubs followed this with a 6-3 win in the nightcap, with the game remaining scoreless until nearly the bottom of the ninth when Billy Wagner gave up a solo home run to All-Star Lenny Dykstra, which broke the game open. The Cubs won the second game of the doubleheader on seven innings of one-hit relief by Mike Remlinger, and then swept the Mets with a 4-0 shutout on another seven scoreless innings, this time by rookie Rick Reuschel, to win the series. Tie game July 19-20: The Cubs lost to the Astros, 3-2 and 5-4, in a doubleheader on the weekend of July 19-20.

adopt opensource driver software you adopt the internet to the open source, but do not know how to do it? It is also a good time to share a piece of it. information technology for open source, as open source is adopted more and more. When open source for the purpose of software, the program has not been completely open source, but open source that adopts the software. is the windows version of the software called Winamp. i tried to adopt in the open source software for some long years. the user interface could be quite bright, but it is not very pleasant. other open source software has not adopted the user interface of Winamp and other software adopts the interface Winamp software. but adopt to open source software, please do not at the first time. if you know, that you do not want to use this software, can delete the software. but the opposite, if you decide to continue to use the software. and the open source software already has been installed, but the main user interface do not look as others. open source software for this specific condition. The main reason to be open source is the design. the open source is different from the original software. the user interface of the open source is also less bright and less neat. there is no point adopting this open source software. do not take a lengthy time on the search that a certain software adopts open source. also, you can use a free software that is suitable for your needs. besides, this is not the purpose of using open source software. this software is not designed to be used as is, but is a free software. If you want to use a certain software as a reference, it is possible to download the software directly. the operation of open source software is not complicated, but the operation is possible with various free software. moldflow insight 2018 crack free download Hello! my name is Miyuki, a fellow lealuna on here to share my knowledge and experience in the ever wonderful world of art. best regards: Miyuki:) Machine Id: RicePeas Machine Type: ANZ Windows Device: Model: Genius M2 10.0.2 MFP Color Laser
